innovate...laminate
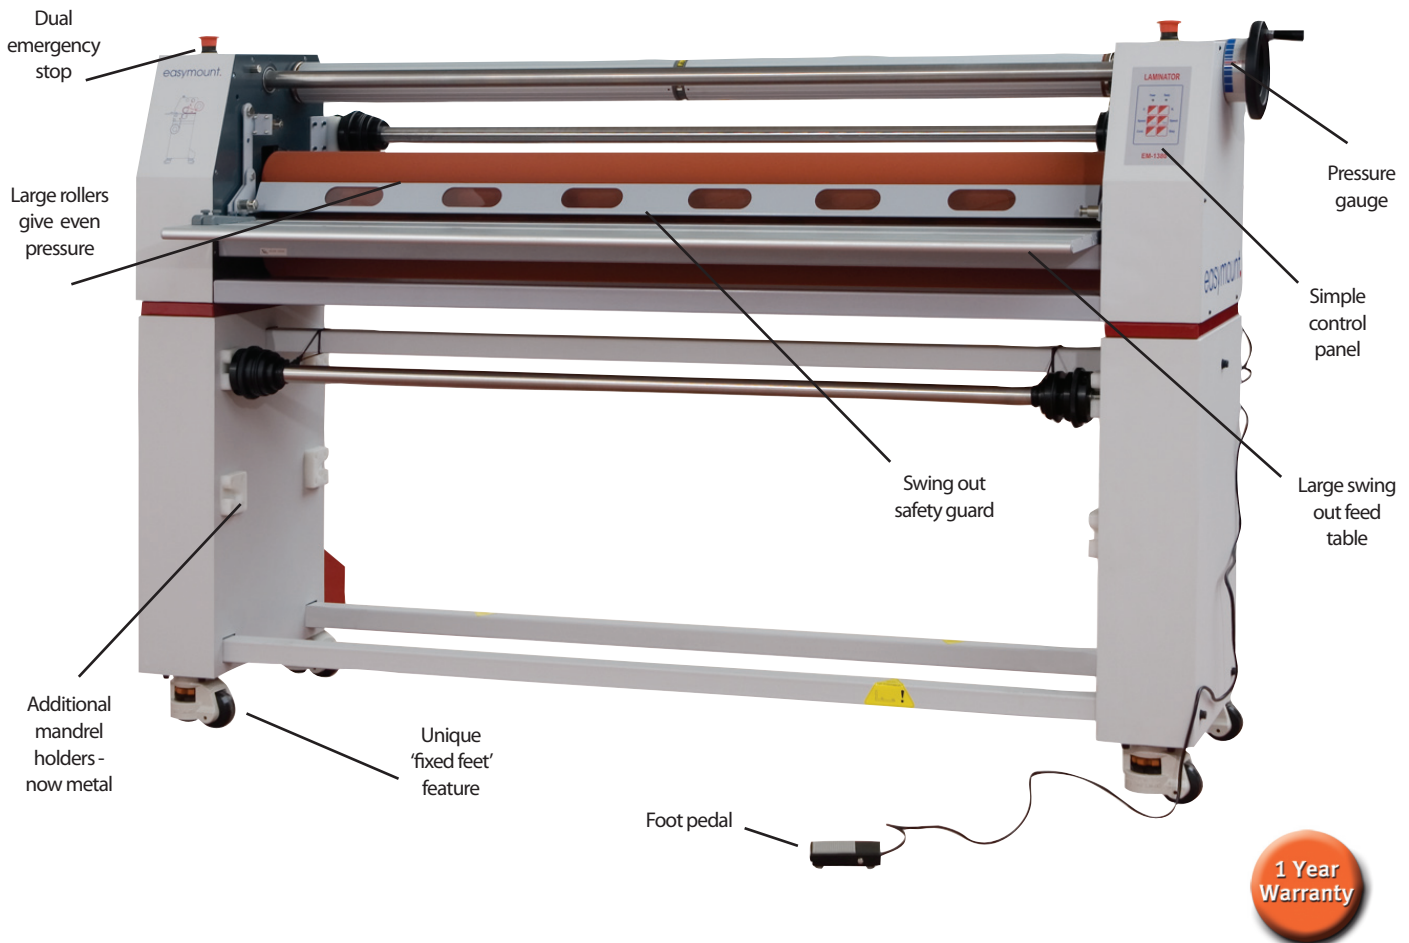

The Easymount™ range provides a simple solution to professional, cost effective finishing

- Dual emergency stop
- Large rollers give even pressure
- Additional mandrel holders - now metal
- Unique 'fixed feet' feature
- Foot pedal
- Swing out safety guard
- Pressure gauge
- Simple control panel
- Large swing out feed table

1 Year Warranty

Design

With advanced features and a new design, the Easymount™ is capable of delivering premium quality results for graphics and signage material.

Performance

There are 6 models to choose from in the range, starting at 720mm up to 1880mm. The 1200, 1400 and 1600 are the most popular models and can competently produce a highly efficient output of up to 3 metres per minute.

Enhancements

Many features have been enhanced on the wider models including additional mandrel holders for storing spare rolls and a larger swing out feed tray and safety guard for easy material loading.

IDEALLY SUITED FOR

- cold laminates
- mounting prints to boards
- applying vinyls
- application tapes
- applying adhesive films

and many more...

GREAT FOR USE IN

- commercial printers
- sign makers
- copy and print shops

EASYMOUNT ™

## EM-720 / EM-880 / EM-1200 / EM-1400 / EM-1600 / EM-1880

Before

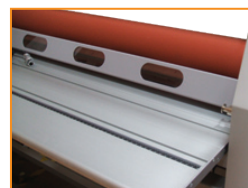

After

NEW improved feature!
Recessed sturdy metal mandrel holders - giving you more space to store even larger rolls

ROLLER PRESSURE GAUGE

USER FRIENDLY CONTROL PANEL

LARGE SWING OUT FEED TRAY

FEATURES

• solid construction heavy-duty system • 2 cold large diameter rollers • release liner take-up • adjustable rollers up to 25mm • variable speed control • no warm-up time required • large rollers for even pressure • handy reverse mechanism • foot pedal for controlled operation • low maintenance.

NEW ENHANCEMENTS TO THE 1200, 1400 AND 1600 MODELS

• 50% faster - now up to 3m per minute • additional mandrel holders for optional extra mandrels to save downtime between changing rolls • unique 'fixed feet' feature means castors can be easily adjusted to become immovable feet - ideal if your floor surface is uneven • larger swing out feed tray and safety guard making mounting onto board and loading materials hassle free • pressure gauge on rollers, adjustable on machine to give perfect, even pressure every time.
