## FASTBIND FOTOCREASER C33™

### Versatile applications:

- Photobooks
- Soft cover books
- Cards
- Menus

### FOTOCREASER C33™ Manual Creaser

Max creasing width 330 mm / 13"

Creases soft covers, photobook pictures, cards, menus

Optimized to work with Fastbind FotoMount F32™ PhotoBook Maker

## Compact machine for precise creasing

A quality, precise crease is the foundation for a quality product. The Fastbind FotoCreaser C33™ allows you to crease your jobs easily and accurately, but at the same time the machine is very compact, affordable and doesn't require long set-up time. The FotoCreaser C33™'s versatility and consistent pressure guarantee a sharp regular crease in photographic paper, card, copy paper, PVC coated cardboard, and numerous other materials. Optimized to work in conjunction with Fastbind FotoMount F32™ PhotoBook Maker, it is ideal for creasing photobook pictures. It is also a perfect solution for creasing soft covers, cards, restaurant menus, corporate advertising calendars, greeting cards, exhibition programs, art gallery vernissage invitations, open doors brochures...

## Versatile and easy to use

The manually operated FotoCreaser C33™ makes the crease using a precision creasing bar and works with almost any paper/card up to 400 g/m<sup>2</sup> (or 220 lb index stock). The unique design makes FotoCreaser C33™ effortless and very easy to use. Regardless of the stock, the handle lifts and creases easily and consistently. The creaser has a reversible, quick-change blade for thicker and thinner materials and an adjustable backstop. A second backstop is also available as option, making it easier to produce two creases for the same job.

## For photographic professionals and digital printers

Fastbind FotoCreaser C33™ is designed specifically with the photographic studio, photo lab and professional photographer in mind. It also perfectly meets the needs of digital printers, copy shops and on-demand publishers. Fully featured and compact, this tabletop unit can fit naturally in any environment and cover all short runs and on-demand needs.

Optional accessories: Second backstop.		

Fastbind FotoCreaser C33™ is a compact, tabletop unit.

The handle lifts and creases easily and consistently.

Positioning is fast and easy with measurement scale.

## Compatible with Fastbind FotoMount F32™

### Small footprint, premium quality

Fastbind FotoCreaser C33™ is a perfect companion for Fastbind FotoMount F32™ PhotoBook Maker: the machines are designed to work together, they make premium quality, and they are very easy to use. Another benefit is the very small footprint. The FotoCreaser C33™ can be placed and operated on top of the FotoMount F32™, which means that you don't need to have a separate working base for both machines if your facilities are small.
