Peak Professional is a reliable, functional and stylish range of systems for efficiently producing high quality lamination

2 Year Warranty

PP-330 and PP-450 A3 and A2 models. PP-260 A4 model also available.

Design

The professional series offers style, reliability and efficiency for laminating a multitude of documents. This unique range has been developed to give you the expert results you need quickly and easily.

Function

Designed to fit practically into any busy working environment, this range combines durability with user friendly appeal and a modern appearance.

Efficiency

Efficiency and performance have been key objectives in the design of this range. Four hot rollers and quick warm up time make laminating with these systems hassle free.

Reliability

This range uses high quality components including metal gears, larger rollers and bigger motors. Each system is easy to use and does not require training.

Cooling Fans

Temperature Control

Hot Roller Technology

Reverse Mode

IDEAL FOR LAMINATING

- ID and business cards
- signs & notices
- glossy photographs
- posters
- certificates

GREAT FOR USE IN

- laminates from ID to A3
- hot roller technology
- variable temperature control
- laminates both hot and cold
- anti-jam reverse mode
- bubble free photo lamination
- power light indicator
- ready light indicator
- no card carrier required*

A3

A4

PEAK PP-260

PP-450

- laminates from ID to A2
- hot roller technology
- variable temperature control
- laminates both hot and cold
- anti-jam reverse mode
- bubble free photo lamination
- power light indicator
- ready light indicator
- no card carrier required*

A2

A3

PEAK PP-330

Have you heard about our Lifejackets?

- New patented Teflon® carrier
- Highly durable and lasts for years
- Eliminates jams and costly laminator repairs
- Available in A4, A3 and A2 size

* A card carrier or Lifejacket IS required if the document does not fully match the size of the pouch or if you are laminating small odd shaped pieces. Please ask for more details.
