## Design

With advanced features and a new design, the Easymount™ is capable of delivering premium quality results for graphics and signage material.

## Performance

There are 2 models to choose from in the range, the 1180 or 1650, both of which can competently produce a highly efficient 3.9 metres per minute.

## Enhancements

Many features have been enhanced on the models including additional mandrel holders for storing spare rolls and a larger feed table for easy material loading.

### IDEALLY SUITED FOR

- cold laminates (pressure sensitive)
- encapsulating film
- mounting prints to boards
- applying vinyls
- application tapes
- applying adhesive films

and many more...

### GREAT FOR USE IN

- commercial printers
- copy and print shops
- exhibition graphics
- reprographics bureau
- sign makers
