Unique Benefits

The Matrix Duo gives the flexibility of single side lamination, encapsulation and even double side lamination providing an affordable and effective solution. The unique anti-curl bar on both models allows even the thinnest of laminates to be applied without the worry of a curled finish. Extension arms allow large rolls of film (up to 1000m) to be used saving changeover time.

Design

The Matrix Duo is an innovative new laminating system designed for laminating and encapsulating. This model is available in 460 and 650mm widths.

Performance & Build

Both models are built for continuous use and have been constructed using parts of the highest quality including heavy duty motors.

IDEALLY SUITED FOR
