FASTBIND ELITE XT

FLEXIBLE BINDING SYSTEM

EASILY BINDS UP TO SRA3 FORMAT

DUST FREE SPINE ROUGHENING

COMPACT AND FULLY FEATURED

FASTBIND ELITE XT

VERSATILE PERFECT BINDING

Fastbind Elite XT binding machine offers the largest flexibility. It quickly produces hard and soft cover books as well as Manager covers, tear-off pads, strip and lay-flat binding.

Fastbind Elite XT can bind books up to SRA3 size or A4 landscape. This is ideal for print/copy shops, binderies, school yearbooks and photographers. The end result is a strong, square and affordable perfect bound book.

ROUGHENER - PGO

Fastbind Elite XT features the exclusive Paper Grain Opening ("PGO") system. Unlike other spine rougheners that grind the spine creating lots of noise and dust, the PGO opens the paper grain with very little noise and there is no paper dust! The operator can control the number of PGO passes that need to be made, to ensure a strong bind.

EASY TO USE

It's easier to learn than an office copier! Anyone can be making professional quality books and reports in minutes. There are no set-up times or book format adjustments. It self adjusts for book thickness from 1 to 1000 pages. For the best quality, it is also possible to move the paper stopper to one of the three predefined fastening places for A3, A4 or A5 standard formats.

SPECIFICATIONS

	Europe	USA
Machine cycles/hour	Up to 450	Up to 450
Capacity books/hour*	Up to 180	Up to 180
