SH = Shelf

[Safes] [Type AG]

A distinctive feature of the AG series safes is their slim design. An external width of just 450 mm thanks to their space-saving wall construction allows an optimal utilisation with room for 5 file folders side by side (from AG10 up).

[Product information]

Hinge	DIN right – model designation R option: DIN left
Door opening angle	180°
Body	double-walled, filled with high resistant barrier material
Door structure	triple-walled, filled with high resistant barrier material, internal boltwork protected by sheets of hardened steel to give extra anti-drill resistance
